Cabinet

A full range of floor standing and wall cabinets are available to house your networking equipment and suit your budget constraints.

RackBotz

Monitor all of your mission critical networking equipment within the cabinet and even photograph anyone that opens the door.

Extreme Switch

Help reduce the cost of your network ownership and ensure that your network delivers more information faster and accommodates for future growth.

Cabinet Power

Our range of electrical services provide dedicated power supplies to comms cabinets.

Wireless Access Point

The LevelOne Wireless range provides network access where cabling may be a problem to install i.e. temporary classrooms, listed buildings.

LevelOne Switch

LevelOne is a leading player in the manufacturing of Ethernet networking products, many of which are installed in the education sector.

Patch panels and patch leads

The Excel and ExcelPlus range of patch panels are feature packed to ensure that you get the very best from your network.

Floor Box

A choice of Excel or Ackermann floor boxes allow easy access to data and power sockets whilst keeping hazardous excess cable to a minimum.

With our extensive product portfolio Integral are able to provide a complete ICT Solution.

Free Consultation

One of our education consultants will visit your school, college or university and provide you with a no obligation quotation on any of the products or services detailed in this brochure.

Structured Cabling

The Excel structured cabling system can be found throughout schools, colleges and universities across the UK. This quality system is available in both Category 5e and 6 and is backed with a 25 year system warranty.

Electrical

All Electrical installations and testing are carried out by city and guilds qualified electricians. Test certificates are issued with all works.

Electronic Whiteboard

The range of Interactive Whiteboards provide a touch sensitive screen that electronically captures written information.

Cabling

A choice of cabling systems provide the quality that you need at competitive prices – Includes a 25 year warranty.

Power Points

You can rest assured that you are installing the best quality and safest electrical products in the market.

Trunking

With Excel trunking you can ensure that all of your data and power cabling is neatly and safely hidden away.

Data points

With a choice of category 5e or 6, the Excel range provides a trusted solution for delivering your networking requirements to the desktop.

Wireless Camera

The LevelOne Wireless Camera provides an excellent surveillance solution for remote security monitoring or broadcasting of live events over an existing network or the Internet.

Interactive Whiteboards

Our range of interactive whiteboards provide a whole host of features and benefits, including: touch sensitive surface, interactive projection enabled, electronically captures written information as well as being easy to use.

Wireless Networks

Our range of wireless products provide a high quality, cost effective solution where cabling may be a problem i.e. in listed buildings or temporary classrooms.

Ethernet

We supply a full range of leading brand switches in addition to the impressive range of layer 3 switches from market leader Extreme Networks.

Environment Monitoring

Through the revolutionary NetBotz range you can monitor the critical elements of your network i.e. active equipment. NetBotz products protect your equipment through camera-based (optional) remote viewing of server rooms, cabinets and racks while monitoring for variations in temperature, humidity, sound and air movement through internal and external environment sensors.
